

Counseling Fee:

Vicki will meet with you for a reasonable fee of \$70/session. For Vista Assembly family members the first session is no cost. Insurance is not accepted. For those that can't afford the normal fee, a sliding scale is used based on monthly household income. We want to demonstrate empathy for all those with a desire to be helped and keep counseling affordable. At the same time, an investment of both time and money is both a motivator and indicator of a person's commitment to growth/healing. Speak with Vicki for the details vbeard@vistaassembly.com.
