

Fees

Our staff counselor, Vicki Beard, will meet with you for a fee of \$70/session. For Vista Assembly family members the first session is no cost. Insurance is not accepted. For those that can't afford the normal fee, a sliding scale is used based on monthly household income. We want to demonstrate empathy for all those desiring help and keep counseling affordable. At the same time, an investment of both time and money is both a motivator and indicator of a person's commitment to growth/healing. Speak with Vicki for the details Vbeard@VistaAssembly.com
